

BUSY BEE SCAVENGER HUNT

(bzzzz) We're busy bees! Each of us can visit hundreds of flowers a day. That's a lot of work!

We move pollen (the stuff that looks like yellow dust) from flower to flower. Without us pollinators, plants and trees couldn't make the fruits, vegetables and nuts you like to eat. (bzzzz) What would you do without us?

(bzzzz) Now it's your turn to be a **BUSY BEE!**

1. Look on the list of foods that we pollinate on the back.
2. Find at least 5 that you spot today. (bzzzz)
3. Show us which ones you found to win a prize!
